Subject: Timber Creek Utilities sale

August 29,2022

Office of Commission Clerk
Florida Public Service commission
Tallahassee, FL 32399

Docket No. 20220064-WS
Tymber Creek Utilities, Inc.

In reference to the above application for sale and transfer of Tymber Creek Utilities to Central StatesWater Resources, we object at this time due to the fact that Tymber Creek Utilities months ago had an underground wastewater leak that damaged the road and failed to properly repair the damage in the subdivision. They made incomplete repairs and the asphalt and roadbed continue to collapse. The Home Owners Association Board of Directors has contacted Tymber Creek Utilities numerous times to repair everything properly, but there has been no response from them.

We feel that Tymber Creek Utilities is trying to complete this sale quickly and accept no responsibility for the damage they have done.

The Tymber Creek Homeowners Association's next step is a lawsuit that will involve Tymber Creek Utilities and possibly the new owners: Central States Water Resources.

Until this matter is satisfactorily resolved, we request that the sale and transfer be halted.

We are forty three year residents of the Tymber Creek subdivision and we look forward to hearing from the Commission.

Regards,
Jan and Greg Wieboldt
138 Mill Spring Place
