Re: Docket No. 20220064-WS
Tymber Creek Utilities, inc.

In reference to the above application for sale and transfer of Tymber Creek Utilities to Central States Water Resources I object at this time due to the fact that Tymber Creek Utilities months ago had an underground wastewater leak that damaged the road and failed to properly repair the damage in the subdivision. They made a half-hearted effort to put a band aid repair on it, but the asphalt and roadbed continues to collapse. The HOA boards of directors have contacted Tymber Creek Utilities numerous times to repair everything properly but there has been basically no response from them. I feel Tymber Creek Utilities is trying to complete this sale quickly and accept no responsibility for the damage they have done. The Tymber Creek HOA's next step is a lawsuit that will involve Tymber Creek Utilities and possibly the new owners Central States Water Resources. Until this matter satisfactorily is resolved I request that the sale and transfer be halted.

I am a ⁴¹-year resident in the Tymber Creek Subdivision. I look forward to hearing from the commission.

Regards,

Lachel Ramsey

Ormond Beach, FL

41 year resident! Tymber Creek Utilities has done minimal and only when forced!! This company needs to correct what messes they have created before a new owner takes possession.
