Commissioner Gabriella Passidomo,

Re: 20220067-GU

I am writing as a concerned Florida resident and a natural gas customer. I received notification that my natural gas supplier intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

I urge you to reconsider this rate increase at this time.

Commissioner Gabriella Passidomo,

This is one of the cleanest fuels out there to encourage people to use it keep the rates lower or as low as possible there's no emissions no smell just heat and water vapor don't believe me walk behind the bus in Miami you'll see what I'm talking about.
