Commissioner Mike LaRosa,

Re: 20220067-GU

I am writing as a concerned Florida resident and a natural gas customer. I received notification that my natural gas supplier intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

I urge you to reconsider this rate increase at this time.

I urge you to reconsider this rate increase at this time. The rates that utilities charge are not always reasonable...You may disagree. Perhaps just using common sense would work here. Does that exist anymore where you are?

Thanks for your time if anyone actually reads these letters...
