Subject: Docket No. 20220001-EI: Reject the new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am a Duke Energy electricity customer in Florida. I received notification that you will soon be considering proposals from FPL, Duke and Tampa Electric to increase my electricity rates next year.

This is outrageous. These companies have made windfall profits over the last few years, and yet each time they go crying to you, you have approved their rate increases. Duke just had a 250% increase in their minimum monthly bill in January, 2022. And now they want more!

Another electricity rate increase is the last thing we need, especially since my wife and I are on a fixed income. We are all inundated with price increases on everything.

I urge you to reject these rate increases.
