Subject: Docket No. 20220001-EI: No new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am writing as a concerned Florida resident and a electricity customer. The rate increases in some areas in 2022 were ridiculous with an even more astonishing rationale from FPL.

FPL needs to not raise rates or provide price reducing guidance that amounts to use less electricity for the same price.

I dont know if this is some green energy push; but, the price of electricity should not climb so dramatically as it has for some in the last year.

I urge you to reject these outrageous rate increases at this time.
