CUSTOMER COMMENTS

Please be advised that we are extremely uncomfortable with the percentage of rate increase to our water utility billing each month and to a general increase in general based on an incredibly OLD and OUTDATED water system that has failed time and time again to the expense of us as consumers. On any given month, there are water-line failures where we are forced to boil water, unsafe environmental concerns, and general un-safe condition of our water plant treatment center as a whole. Before you make these decisions, please consider our safety pleas as well as expense moving forward.
