Mark:

Tried to call, but suspect you are as busy as the rest of the utility world, so I'm doing this by email.

Tampa Electric Company does not object to deferring consideration of the staff recommendation its GBRA docket from the October 4 agenda conference to the next one so the company can update the GBRA amount to reflect the impact of the ILA. We will be working as quickly as we can under the circumstances to share file a supplement that reflects a lower GBRA amount. We will keep you posted on our progress.

Feel free to call me or Penelope if you want to discuss. Her cell is 813.285.2231.
