DOCKET NO. 20220067-GU
ORDER NO. PSC-2022-0339-CFO-GU
ISSUED: October 4, 2022

ORDER GRANTING FLORIDA PUBLIC UTILITIES COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 04477-2022)

On July 5, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Public Utilities Company (FPUC) filed a Request for Confidential Classification (Request) of information contained in FPUC's response to the Office of Public Counsel's (OPC) First Set of Interrogatories, No. 76, and OPC's First Request for Production of Documents, Nos. 41 and 42 (Document No. 04477-2022). This request was filed in Docket No. 20220067-GU.

Request for Confidential Classification

FPUC contends that the information contained in the Attachment for Interrogatory No. 76 and the Attachment for Production of Documents Nos. 41 and 42, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Specifically, FPUC seeks confidential classification of information and documents that fall into the following categories: (1) Internal audits; (2) Self-insurance information; (3) Employee compensation policy and actual compensation information; (4) Tax information; and (5) Competitively sensitive revenue projection information and cost information. FPUC asserts that this information is intended to be and is treated by FPUC as private and has not been publicly disclosed. FPUC notes that disclosure of this information would put FPUC or its affiliates at a competitive disadvantage and otherwise harm the entire corporation, which would ultimately cause harm to FPUC's ratepayers. Furthermore, FPUC notes that much of this information has been afforded confidential classification by the Florida Public Service Commission (Commission) in prior dockets.

FPUC contends that the financial information in question includes the consolidated financial statements of FPUC and its subsidiaries, which are private and not publically available, and therefore are proprietary confidential business information. FPUC requests that the Commission grant confidential classification for the documents for a period of 18 months from the date of the issuance of this Order, pursuant to Subsection 367.156(4), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (b) Internal auditing controls and reports of internal auditors.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the aforementioned information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPUC's Request appears to contain information concerning audits, bids or other contractual data, customer information, or information relating to competitive interests, the disclosure of which would impair the efforts of FPUC or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 04477-2022 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gabriella Passidomo, as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of Document No. 04477-2022 is granted. It is further

ORDERED that the information in Document No. 04477-2022, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further
