Company, Inc.

DOCKET NO. 20220144-GU
ORDER NO. PSC-2022-0340-CFO-GU
ISSUED: October 4, 2022

ORDER GRANTING CONFIDENTIALITY

On August 16, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Peninsula Pipeline Company (Peninsula) filed a Request for Confidential Classification (Request) of information contained in Exhibit A to the Firm Transportation Service Agreement (Document No. 05484-2022). This request was filed in Docket No. 20220144-GU.

Request for Confidential Classification

Peninsula contends that the information contained in Exhibit A constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Peninsula asserts that this information is intended to be and is treated by Peninsula as private and has not been publicly disclosed.

Peninsula contends that the highlighted rates and terms in Exhibit A represent contractual information that both Peninsula and Florida Public Utilities Company treat as proprietary confidential business information as well as cost information that Peninsula considers proprietary confidential business information. Peninsula contends that the release of the referenced information as a public record would harm both Peninsula and FPUC's business operations and ratepayers by impairing the Companies' respective abilities to effectively negotiate for goods and services. Peninsula argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Peninsula Pipeline's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of Peninsula Pipeline or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 05484-2022 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Peninsula Pipeline or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary Clark, as Prehearing Officer, that Peninsula Pipeline Company's Request for Confidential Classification of Document No. 05484-2022 is granted. It is further

ORDERED that the information in Document No. 05484-2022, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Peninsula or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 4th day of October, 2022.
