Commissioner Art Graham,

Docket No. 20220001-EI

I am writing as a concerned Florida resident and a electricity customer. I received notification that FPL, Duke and Tampa Electric intend to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the absolute last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic, or Hurricane Ian. We are all inundated with price increases on everything.

I urge you to reject these outrageous rate increases at this time.

Commissioner Art Graham,

Docket No. 20220001-EI

I am writing as a concerned Florida resident and a electricity customer. I received notification that FPL, Duke and Tampa Electric intend to increase rates for customers like me. I am urging you to reject these proposals and not increase our bills.

How many rate increases are you going to approve? When is enough enough? When will you stand up for your own mission of setting fair rates?
