Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am writing as a concerned Florida resident and a electricity customer. I received notification that Duke Energy is requesting a 15% rate hike for 2023. They already got how many rate hikes between 2021 and 2022? I will not be able to afford my electric bill in the future - For all of us in the same boat in Florida, this will go National. I am urging you to rethink this decision and not increase our bills.

I urge you to reject these outrageous rate increases at this time. I'm tired of paying for their solar grids
