Ms. Martha Lynn, Office of Citizen Services State of Florida- Governors Office.

Good Day ! FPSC Docket No. 20210015 FPL Account No. 26582 57510

Ref: October 14, 2022 Your Attached Letter.

I am puzzled by the fact that your office seems to have mistakenly overlooked the contents of the FPSC letter below that your letter failed to address, as I requested

of Florida Governor Ron DeSantis in my Notarized Letter September 19, 2022.

In the interim the FPSC made an honest mistake when they approved of the FPL minimum rate increase that monetarily penalizes individuals such as myself

for conserving electrical usage at my home. FPL is a sleazy, and also dishonest conglomerate that could care less about Senior Citizen Veterans such as myself, which is exactly

why they were able to dishonestly mislead the FPSC of their actual intention. <<<<<<

Note : The Florida Governor has direct jurisdiction, and also appoints the members to the FPSC. The Governor can also order that a thorough investigation be initiated in order to

honestly ascertain as to why individuals such as myself as being monetarily penalized instead of being rewarded, or commended for our sacrifice. <<<<<<

Thank You Ms. Lynn.

Kind Regards,

Michael J. Walsh

RE: FPSC Inquiry 1402730C

Dear Mr. Walsh:

The Governor's office forwarded a copy of your E-mail regarding Florida Power & Light Company (FPL) to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

As we advised in previous E-mails to you, the FPSC approved Florida Power & Light Company's general base rate settlement agreement in Order No. PSC-2021-0446-S-EI, issued on December 2, 2021, in Docket No. 20210015-EI. The settlement agreement was entered into by FPL and various parties representing consumers, including the Office of the Public Counsel (OPC) who **advocates** on behalf of Florida consumers **?**. The settlement agreement includes numerous provisions with regards to FPL's base rates through the end of 2025.

The agreement also contained a provision that raised the minimum bill charge to **\$ 25.00** for all residential and general service **non-demand** customers **?**. The minimum bill provision went into effect in June 2022. There was no provision to **exempt** any class of service or customer from the minimum bill charge **?**. As a result, we **cannot** compel FPL to remove the minimum bill charge for those bills that do not reach the **\$25.** minimum billing threshold **?**

We have added your concerns to our files as a protest to the FPL's Rate Case, docket 20210015.

If you have any questions, please contact Ms. Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Shonna McCray
