Subject: Docket No. 20220001-EI: No new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am writing as a concerned Florida resident and a electricity customer. I received notification that FPL, Duke and Tampa Electric intend to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be

on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

I urge you to reject these outrageous rate increases at this time. we already decided pay bills or eat, raising our bills will say no more eating, we as well as others are on a fixed income, I don't even have money for personal things, please don't raise the rates, give seniors a break, as well as single mothers with children, they also have to decide to pay bills or eat, once again please don't raise the bill, Virginia and Billy
