DOCUMENT NO. 10844-2022
FPSC - COMMISSION CLERK

Docket No. 20220154-GU – Joint petition for approval of swing service rider rates for January through December 2023, by Florida Public Utilities Company, Florida Public Utilities Company-Indiantown Division, Florida Public Utilities Company-Fort Meade, and Florida Division of Chesapeake Utilities Corporation.

Issue 1: Should the Commission approve the Companies' proposed swing service rider rates and tariffs for the period January through December 2023?

Recommendation: Yes. The Commission should approve the Companies' proposed swing service rider rates and tariffs for the period January through December 2023. The costs included are appropriate and the methodology for calculating the swing service rider rates is consistent with the swing service order.

If the Commission approves the Companies' proposal to consolidate the rate classes in rate case Docket No. 20220067-GU, within 10 business days after the Commission vote in the rate case docket, the Companies should recalculate the swing service rider rates for the consolidated rate classes. The revised swing service rider rates should be submitted for staff's administrative approval and should be effective concurrent with any revised Commission-approved base rates in the rate case docket. If the Commission denies the Companies' proposal to consolidate the rate classes, the swing service rider rates as approved in this docket should stay in effect for the period January through December 2023.
