Subject: Docket No. 20220001-EI: No new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am writing as a concerned Florida resident and a electricity customer. I received notification that FPL, Duke and Tampa Electric intend to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for us in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

As senior citizens on limited income, please consider how negatively these increases are to Florida families. These excessive profits are unfair to Floridians struggling in these

inflationary times. We both lost our jobs due to COVID-19 and further increases greatly affect our quality of life.

I urge you to reject these outrageous rate increases at this time.
