Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am writing as a concerned Florida resident and an electricity customer. I received notification that FPL, Duke and Tampa Electric intend to increase rates for customers like me. I urge you to reject these proposals and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida, especially after Hurricanes Ian and Nicole. A rate increase is the last thing we need now, especially for vulnerable folks like me who are on a fixed income or struggling to recover financially from the pandemic and hurricanes. We are all inundated with price increases on everything.

I urge you to reject these rate increases at this time. Thank you!

Francis Dance
