**Subject:** Duke Energy Rate Hike (again)!

Stop allowing the rate hikes of services needed to allow us to live a productive life here in Florida. My electric bill with Duke Energy shouldn't be \$250-\$490 monthly on a 1600 sq. ft. single family, one story home. These charges are absurd! Give us more options to shop for better rates with other utility companies rather than force us to pay one that consistently over charges! Stop the rate hikes! Floridians shouldn't have to keep the people high on the organizational chart at Duke Energy, billionaires. Stop the rate hikes!
