Subject: TECO begging

I am a senior citizen that has spent over 50 years in the corporate world. I'm telling you that there is sufficient fat to be cut for TECO to operate without further cheating their customers! They have floors of attorneys that come up with their sorry facts for needing more money to operate!!! Let me ask you, who gives you the ability to rob the citizens to pay for your personal shortages? It's about time they operate within their means!!

They sure have enough reserves to send men and trucks(food & lodging) to other states to help out, where does this come from???

To top it all off, they are owned by a Canadian company!!!!

Come on, help us out, don't cower to their BS!

Thanks,

Storm Gonser
