COMPLAINT INFORMATION

Complaint: Other Complaints against Florida Power & Light Company
Details:

Ever since FPL bought out Gulf Power (Southern Company's former Florida provider), they've seen fit to punish former Gulf Power customers with their highest rates in the state. Now you all approved another rate hike due to hurricane repairs and higher fuel costs (Natural Gas). My previous highest bills were at \$300 in the Summer months, with FPL they became \$500 a month. I've had the most efficient HVAC system available installed prior to last Summer, those bills might have been \$600-700 a month with my old system. These rates are killing us out here in the panhandle. Please somebody figure this out!!!
