Subject: Duke Energy rate increase

Please share with your Board members:

I am but one resident in Central Florida; fairly astute in financial matters, not as much so in political matters (by choice). Recently received my power bill and noted the rate increases. It is offensive to me as a constituent that you approve these increases for a quasi monopoly that (i) pays what it does to execs (not opposed to fair executive pay, within reason), (ii) made \$1.4B in the 9/22 quarter alone, (iii) spends what it does in lobbying. While I protest the bill, I can afford to pay it. You should be reminded of the huge numbers of residents who cannot, or will choose between this increase and putting food on the table.

You should be ashamed of yourselves for allowing this.
