RE: FPSC Inquiry 1415667C

Dear Mr. Batson:

The Governor's office forwarded a copy of your email regarding Florida Power & Light Company (FPL) to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

You expressed a concern about recent rate increases, including the fuel charge. The fuel charge recovers the actual cost to secure and process the fuel necessary to generate electricity. Fuel rates mirror rising and falling fuel costs as reflected in the international marketplace. Any revenue generated by the fuel charge pays fuel suppliers and transporters; utilities are not allowed to earn a profit on fuel costs. On your bill, fuel appears as a separate cents per kilowatt-hour charge.

Each year, utilities file their projected fuel costs for the upcoming calendar year. The FPSC, along with the Office of Public Counsel and other consumer representatives, closely examine the utilities' requested fuel costs. Public hearings are held to set the annual fuel factors. Since rates are set on projected costs, at the end of the year, the costs are "trued-up" or compared to the audited actual expenses incurred by the utility. Any over or under recovery from the utility's actual costs will be reflected in next year's costs. The fuel cost adjustment is recognized by state commissions, the Federal Energy Regulatory Commission, and is also used by most municipal electric utilities and rural electric cooperatives.

On December 6, 2022, the FPSC set the 2023 fuel charge for the customers of FPL after carefully considering testimony and evidence on its projected costs at a public hearing.

Below is a breakdown of FPL residential customer bills for 1,000 kilowatt-hours of electricity prior to January 2023, as well as bills effective January 2023.

TOTAL MONTHLY BILL - RESIDENTIAL SERVICE - 1,000 KILOWATT HOURS

January 2023

<u>Present</u>	Florida Power & Light Company
<u>September - December 2022</u>	
Base Rate Charges	\$75.82
Fuel and Purchased Power Cost Recovery Clause	\$34.87
Energy Conservation Cost Recovery Clause	\$1.34
Environmental Cost Recovery Clause	\$2.99
Capacity Cost Recovery Clause	\$2.39
Storm Damage Cost Surcharge	N/A

Storm Protection Plan Cost Recovery	\$2.14
Asset Securitization Charge	N/A
Transition Rider/Credit	-\$1.98
Clean Energy Transition Mechanism	N/A
Gross Receipts Tax and Regulatory Assessment Fee	\$3.10
Total	<u>\$120.67</u>

Revised	Florida Power
January 2023	& Light Co.
Base Rate Charges	\$80.11
Fuel and Purchased Power Cost Recovery Clause	\$37.45
Energy Conservation Cost Recovery Clause	\$1.22
Environmental Cost Recovery Clause	\$3.12
Capacity Cost Recovery Clause	-\$1.97
Storm Damage Cost Surcharge	N/A
Storm Protection Plan Cost Recovery	\$3.82
Asset Securitization Charge	N/A
Transition Rider/Credit	-\$1.58
Clean Energy Transition Mechanism	N/A
Gross Receipts Tax and Regulatory Assessment Fee	\$3.22
Total	<u>\$125.39</u>

Increase / (Decrease)	Florida Power
	& Light Co.
Base Rate Charges	\$4.29
Fuel and Purchased Power Cost Recovery Clause	\$2.58
Energy Conservation Cost Recovery Clause	-\$0.12
Environmental Cost Recovery Clause	\$0.13
Capacity Cost Recovery Clause	-\$4.36
Storm Damage Cost Surcharge	N/A
Storm Protection Plan Cost Recovery	\$1.68
Asset Securitization Charge	N/A
Transition Rider/Credit	\$0.40
Clean Energy Transition Mechanism	N/A
Gross Receipts Tax and Regulatory Assessment Fee	\$0.12
Total	<u>\$4.72</u>

FPL has filed for a Mid-course correction for fuel charges. Mid-course corrections are used by the Commission between annual fuel clause hearings whenever costs deviate from revenue by a significant margin. Cost recovery factors are usually effective for a period of 12 months. However, we require that if an investor-owned electric company's fuel or capacity cost recovery position is projected to exceed a specified range within the standard 12-month timeframe, then a filing and analysis into the continued reasonableness of the prevailing cost recovery factors must be performed. This requirement is codified by Rule 25- 6.0424, Florida Administrative Code (F.A.C.), and is commonly referred to as the "mid-course correction rule."

(Over or under collection is a credit or debit to the amount to be collected the next period (year). The total fuel factor may go up or down regardless of whether there was an over or under collection in the prior period.)

FPL also filed a petition for limited proceeding for recovery of incremental storm restoration costs related to Hurricanes Ian and Nicole in Docket 20230017.

We appreciate you sharing your views and will add your correspondence to both dockets.

You may review all the information filed for Commission consideration in the above dockets by accessing the FPSC website at <http://www.floridapsc.com>. Under the Clerk's Office tab at the top of the page, click on Dockets. Type in each docket number. Click the Search button. Then select Document Filings Index for a list of all filings in the docket. This procedure allows you to view all of the information filed by each utility and other parties in the docket.

Customers who are experiencing difficulty in providing payment on their account can contact the following resources for financial assistance:

* Low Income Home Energy Assistance Program --- <https://www.floridajobs.org/community-planning-and-development/community-services/low-income-home-energy-assistance-program/find-your-local-low-income-home-energy-assistance-program-provider-for-help>

* Elderly Electric Assistance (EHEAP), which provides assistance for home-energy emergencies to qualified, low-income households with at least one person 60 years of age or older. To find out about qualifications, you may contact your county's local EHEAP agency, or by calling 1-800-963-5337.

If you have any questions or concerns please contact me at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Ellen Plendl

Dear gov. I would like to know what you are going to do about electric cost in FL. Since fpl took over gulf power out power bill has tripled in the last year. We are seniors and our bill went from under 100 dollars to over 250 monthly and we can not afford this so what are you going to do to stop them from robbing us . We need help now. Stop building on a run for president and do what we reelected you to do. There are seniors in need in north Florida too. The rich seniors in south Florida are the only ones that we see are being helped by you. Please respond ASAP. Willie Batson.
