Subject: We Can't Afford Higher Rates

Dear Art Graham,

I am writing as a concerned Florida resident and customer of Florida Power & Light (FPL). I received notification that FPL intends to increase rates for their customers across the state, hurting the most vulnerable in our communities the most. We urge you to rethink this decision and not increase our bills.

Last summer FPL increased our utility bill. It was very difficult to talk to a person when I called to have an explanation. Finally, I was told that the rate on the utility line no the power consumption was tripled. There is no mention of this on the bill since we don't get a detailed itemized bill.

When I asked to get an itemized bill, I was told this is the way FPL's bill is setup.

We need to change from a monopoly.

Sincerely,
Mr. Nadir Zekmi
