Dear Mr. Teitzman:

Pursuant to Rule 25-6.0143 (1) (m) F.A.C., Tampa Electric files this report providing information concerning our most recent efforts to obtain commercial insurance for transmission and distribution ("T&D") facilities and a summary of amounts recorded in account 228.1 in 2022.

1. Status on Efforts to Obtain Commercial T&D Insurance – The property insurance markets for T&D insurance coverage remain very restrictive, especially for Gulf and Atlantic coast locations. Tampa Electric has requested a price indication from its property insurance broker for commercial property insurance to cover its T&D facilities from storm related damage. Based on discussions with the broker, property insurance for the company's T&D facilities at reasonable costs and deductible levels continues to be generally unavailable.
2. Summary of Amounts Recorded in Account 228.1 in 2022 – The balance on December 31, 2022 was \$0.00. Pursuant to the company's 2021 Agreement, approved in Order No. PSC-2021-423-S-EI, the company has petitioned the Commission to seek recovery of costs associated with named storms and to replenish the company's storm reserve to \$55,860,642.

Thank you for your assistance in connection with this matter.

Sincerely,

JMWilliams@tecoenergy.com
