Subject: Duke raising rates again

Dear PSC,

Today I received an email that Duke power has requested to raise rates again. Today I am asking you to deny that request. Our power rates are already too high and unaffordable. Personally I am already turning my A/C off and letting my apartment get to 80 degrees before turning it on. Because I live in an apartment there is not much more I can do to reduce power consumption and energy loss.

Thank you for reading,

James Howes
