Complaint: Other Complaints against Florida Power & Light Company  
Details:

FPL wants another 8% increase when they told you, the FL PSC our rates would be going down this year. If you approve this, I will have no choice but to camp out on your building grounds and the Capitol. As a combat wounded disabled veteran of 26 years, I can no longer afford to hardly eat, much less keep paying increases for FPL that you keep approving. When a company pays it CEO \$24,000,000 dollars, they can kiss my buttocks. Who helps people like me?? No one from pour State government, no one. I just feel hopeless being screwed by utilities, and every other company.
