COMPLAINT INFORMATION

Complaint: Other Complaints against Florida Power & Light Company

Details:

I find it hard to comprehend how the commission can grant FP&L a 10% rate increase to cover hurricane Ian costs when they are at fault for not protecting their own infrastructure. We have no choice as to who provides our power and for the full year 2022, FPL reported net income of \$3.701 billion, or \$1.87 per share, compared to \$3.206 billion, or \$1.63 per share, in 2021. They are not losing money!!!
