Re: *Petition for approval of new clean energy impact program, a new renewable energy certificates (REC) buying program, by Duke Energy Florida, LLC.; Docket No. 20220202-EI*

Dear Mr. Teitzman:

On February 23, 2023, Duke Energy Florida, LLC (“DEF”) filed its Request for Confidential Classification regarding information provided in DEF’s Responses to Staff’s First Data Request in the above-referenced matter. After further review, it has been determined the responses to questions 3a (as amended) and 6c are not confidential. To date, neither a recommendation or order has been issued concerning this Request (document no. 01246-2023).

Enclosed for electronic filing is DEF’s Amended Request for Confidential Classification for certain information provided in its Amended Response to Staff of the Florida Public Service Commission’s (“Staff”) First Data Request for electronic filing. The filing includes the following:

- DEF’s Amended Request for Confidential Classification
- Slip-sheet for Amended confidential Exhibit A-(replacing document no. 00861-2023)
- Amended Redacted Exhibit B (two copies)
- Amended Exhibit C (justification matrix), and
- Exhibit D (affidavit of Wendi Fleener)

DEF’s Amended confidential Exhibit A that accompanies the above-referenced is being submitted under separate cover.

Thank you for your assistance in this matter. Should have any questions, please feel free to contact me at (727) 820-4692.

Sincerely,

/s/ Dianne M. Triplett

In re: Petition for Approval of Duke Energy
Florida, LLC's Clean Energy Impact Program,
A New Renewable Energy Certificates (REC)
Buying Program

Docket No. 20220202-EI

Dated: March 13, 2023

**DUKE ENERGY FLORIDA LLC'S
AMENDED REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Duke Energy Florida, LLC ("DEF" or "Company"), pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), submits this Amended Request for Confidential Classification for certain information provided in its Amended Response to the Staff of the Florida Public Service Commission's ("Staff") First Data Request dated March 13, 2013. In support of this Amended Request, DEF states:

1. DEF's Amended Response to Staff's First Data Request, specifically questions 3c, 3d, and 3e, contain information that is "confidential proprietary business information" under Section 366.093(3), Florida Statutes.

2. The following exhibits are included with this request:

(a) Sealed Composite Exhibit A is a package containing unredacted copies of all the documents for which DEF seeks confidential treatment. It has been determined that the information included its responses to questions 3a (as amended) and 6c, originally included in DEF's Request for Confidential Classification is no longer confidential and therefore, DEF submits revised exhibits along with this Amended Request. Composite Amended Exhibit A has been submitted separately in a sealed envelope labeled "CONFIDENTIAL". In the unredacted versions, the information asserted to be confidential is highlighted in yellow.

(b) Composite Amended Exhibit B is a package containing two copies of redacted versions of the documents for which the Company requests confidential classification. The specific information for which confidential treatment is requested has been blocked out by opaque marker or other means.

(c) Amended Exhibit C is a table which identifies by page and line the information for which DEF seeks confidential classification and the specific statutory bases for seeking confidential treatment.

(d) Exhibit D contains affidavits attesting to the confidential nature of information identified in this request.

3. As indicated in Amended Exhibit C, the information for which DEF requests confidential classification is “proprietary confidential business information” within the meaning of Section 366.093(3), F.S. Specifically, the information at issue in DEF’s response to questions 3c, 3d, and 3e, relate to proprietary third-party data and pricing information. The disclosure of this information could adversely affect the Company’s ability to contract on favorable terms. *See* § 366.093(3)(d), F.S.; Affidavit of Wendi Fleener at ¶¶ 3, 4 and 5. Furthermore, disclosure of the information could detrimentally impact DEF’s ability to negotiate favorable contracts, thereby harming its competitive interests, ultimately to its customers’ detriment. *See* § 366.093(3)(e), F.S.; Affidavit of Wendi Fleener at ¶¶ 3, 4, and 5. Accordingly, such information constitutes “proprietary confidential business information” which is exempt from disclosure under the Public Records Act pursuant to Section 366.093(1), F.S.

4. The information identified as Amended Exhibit “A” is intended to be and is treated as confidential by the Company. *See* Affidavit of Wendi Fleener at ¶ 6. The information has not been disclosed to the public, and the Company has treated and continues to treat the information at issue as confidential. *See* Affidavit of Wendi Fleener at ¶ 6.

5. DEF requests that the information identified in Exhibit A be classified as “proprietary confidential business information” within the meaning of section 366.093(3), F.S., that the information

remain confidential for a period of at least 18 months as provided in section 366.093(4) F.S., and that the information be returned as soon as it is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the foregoing reasons, DEF respectfully requests that this Request for Confidential Classification be granted.

RESPECTFULLY SUBMITTED this 13th day of March, 2023.

Amended Exhibit A

“CONFIDENTIAL”
(filed under separate cover)

Amended Exhibit B

REDACTED

(one copy)

See the response to 3.a above.

- c. For each REC market DEF investigated, please discuss the frequency and volume of REC trading that occurs and provide REC prices for the period 2019 to 2022

Response:

REDACTED

The National Renewable Energy Laboratory (NREL) published a report in September 2021 on the Status and Trends in the Voluntary Market (<https://www.nrel.gov/docs/fy22osti/81141.pdf>). The report did not speak to frequency but did highlight the substantial growth in both sales and customer participation in the voluntary REC market from 2010 to 2020.

About **221,000 customers** procured about **86.4 million MWh** of voluntary green power through unbundled RECs in 2020.

- d. Explain how DEF will ensure that it is using the most up-to-date price for RECs if the REC cost in the proposed tariff is set annually. As part of this response, detail the REC market price volatility that DEF has observed during 2022.

Response:

REDACTED

- e. Explain if the tradeable market(s) DEF has investigated have any restrictions on the type of renewable energy resource used in REC generation. If so, detail these restrictions. As a part of this response, detail any difference in tradeable market(s) REC prices determined by the generation resource type (i.e., solar, wind, biomass, et al.).

Response:

REDACTED

- 4. Please refer to page 1 of the proposed CEI Tariff, the section titled “Rates” for the following questions.
 - a. Explain if DEF has any intention to refund administrative expenses to either the general body of ratepayers or program participants if the revenue collected from fees are more than administrative expenses. If not, explain why not.

Exhibit D

AFFIDAVIT OF WENDI FLEENER

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for Approval of Duke Energy
Florida, LLC's Clean Energy Impact Program,
A New Renewable Energy Certificates (REC)
Buying Program

Docket No. 20220202-EI

Dated: February 23, 2023

**AFFIDAVIT OF WENDI FLEENER IN SUPPORT OF
DUKE ENERGY FLORIDA, LLC'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF NORTH CAROLINA

COUNTY OF MECKLENBURG

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Wendi Fleener, who being first duly sworn, on oath deposes and says that:

1. My name is Wendi Fleener. I am over the age of 18 years old, and I have been authorized by Duke Energy Florida (hereinafter "DEF" or the "Company") to give this affidavit in the above-styled proceeding on DEF's behalf and in support of DEF's Request for Confidential Classification (the "Request"). The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the Director of Clean Energy. I am responsible for helping customers meet their sustainability goals in Grid Systems Integration. My major duties and responsibilities include developing, implementing and the ongoing management of our customer programs throughout the Duke Energy footprint.

3. DEF is seeking confidential classification for certain information provided in its response to the Staff of the Florida Public Service Commission's ("Staff") First Data Request,

specifically questions 3c, 3d, and 3e. The confidential information at issue is contained in confidential Exhibit A to DEF's Request and is outlined in DEF's Justification Matrix that is attached to DEF's Request as Exhibit C. DEF is requesting confidential classification of this information because it contains sensitive business information, the disclosure of which would impair the Company's competitive business interests and ability to contract for goods and services on favorable terms.

4. The confidential information at issue relates to proprietary third-party information regarding proprietary data and pricing information, the disclosure of which would impair the Company's competitive business interests and efforts to contract for goods or services on favorable terms. In order to contract with third-party vendors on favorable terms, DEF must keep third-party proprietary information confidential.

5. Further, if DEF cannot demonstrate to its third-party vendors and others that may enter into contracts with DEF in the future, that DEF has the ability to protect those third parties' confidential and proprietary business information, third parties will be less likely to provide that information to DEF – harming DEF's ability to prudently operate its business. DEF has not publicly disclosed the information. Without DEF's measures to maintain the confidentiality of this sensitive business information, DEF's ability to contract with third parties could detrimentally impact DEF's ability to negotiate favorable contracts, as third parties may begin to demand a "premium" to do business with DEF to account for the risk that its proprietary information will become a matter of public record, thereby harming DEF's competitive interests and ultimately its customers' financial interests.

6. Upon receipt of its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information

provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information and contracts. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential.

7. This concludes my affidavit.

Further affiant sayeth not.

Dated the 16 day of February, 2023.
