In re: Petition by Florida Power & Light Company for Rate Unification and for Base Rate Increase

Docket No. 20210015-EI

Filed: March 15, 2023

FLORIDA POWER & LIGHT COMPANY’S FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION OF CERTAIN INFORMATION PROVIDED IN ITS RESPONSES TO VOTE SOLAR’S FIRST SET OF INTERROGATORIES NO. 145

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (“FPL”) hereby submits its First Request for Extension of Confidential Classification of certain information provided in its responses to The CLEO Institute and Vote Solar’s (“Vote Solar”) Fifth Set of Interrogatories, No. 145 (the “Confidential Information”). In support of its Request, FPL states as follows:

1. On August 9, 2021 FPL filed a Request for Confidential Classification of the Confidential Information (Document No. 09011-2021). By Order No. PSC-2021-0345-CFO-EI, issued September 15, 2021, the Commission granted FPL’s August 9, 2021 Request for Confidential Classification. FPL herein adopts and incorporates by reference the August 9, 2021 Request and Order No. PSC-2021-0345-CFO-EI.

2. The period of confidential treatment granted by Order No. PSC-2021-0345-CFO-EI will expire on March 15, 2023. The Confidential Discovery Responses that were the subject of FPL’s August 9, 2021 Request and Order No. PSC-2021-0345-CFO-EI warrant continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3). Accordingly, FPL hereby submits this First Request for Extension of Confidential Classification.

3. All of the information designated in Exhibits A and B to the August 9, 2021 Request remain confidential. Accordingly, those exhibits will not be reproduced or reattached here.

4. Regarding First Revised Exhibit C, all of the information listed in the August 9, 2021 Request remains confidential; the Exhibit is revised only to identify Timothy Oliver as a new declarant, supporting the documents that were previously supported by Matthew Valle.

5. Also included is First Revised Exhibit D, which consists of the declaration of Timothy Oliver.

6. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, Fla. Stat., such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

7. As stated in FPL's August 9, 2021 Request and as described in the declaration included as First Revised Exhibit D, the Confidential Information consists of information relating to competitive interests, the disclosure of which would impair the competitive business of FPL. Specifically, the information contains projections from fuel source efficiency models. This information is protected by Section 366.093(3)(e), Fla. Stat.

8. Upon a finding by the Commission that the Confidential Information is proprietary confidential business information, the information should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. See § 399.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and declarations included herewith, FPL respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted,

FLORIDA POWER & LIGHT COMPANY
