Re: *Petition for approval of new clean energy impact program, a new renewable energy certificates (REC) buying program, by Duke Energy Florida, LLC.; Docket No. 20220202-EI*

Dear Mr. Teitzman:

On February 23, 2023, Duke Energy Florida, LLC (“DEF”) electronically filed its Request for Confidential Classification concerning the confidential information provided in its Response to Staff’s First Data Request in the above-referenced matter. To date, neither a recommendation or order has been issued concerning this Request.

After further review, it has been determined the responses to questions 3a (as amended) and 6c are not confidential. On March 13, 2023, DEF electronically filed an Amended Request for Confidential Classification for its Amended Response to Staff’s First Data Request. As referenced in the Amended Request for Confidential Classification, enclosed with this cover letter is DEF’s amended confidential Exhibit A (in a separate sealed envelope) that accompanies the above-referenced filing.

DEF requests that the original confidential documents submitted on February 03, 2023 (document number 00861-2023), be returned to the Company to avoid confusion.

Thank you for your assistance in this matter. Should have any questions, please feel free to contact me at (727) 820-4692.

Sincerely,

/s/ Dianne M. Triplett

Dianne M. Triplett
