Sounds great. Thank you so much for the clarification. Also, per your instruction below, we will move DN 03573-2021 from Docket 20210000 to Docket 20190140.

Good morning Dorothy. Yes, please move that document to the 20190140 docket. Also, to answer your previous email, all documents related to CR3 and the decommissioning of CR3 should go in the 20190140 docket file. I am going to call DEF to make sure they properly label all CR3 documents in the future. Thanks.

Subject: NRC annual decommissioning financial status report for Duke Energy for 2020

Good morning, Lee,

Based on my earlier conversation with Bill regarding Duke Energy's NRC reports, should DN 03573-2021 (see screenshot of description below) be moved from the 2021 undocketed matters (Docket 20210000) to Docket 20190140?

Document	Filed Date	Description
03573-2021	04/20/2021	Duke Energy (Triplet) - Letter dated 4/20/21 with attached correspondence annual decommissioning financial status report, estimate of costs to complete and projected cash flow analysis for irradiated fuel management for 2020,

Just want to make sure nothing falls through the cracks.

Thank you for your help!
Dorothy
