FILED 4/25/2023
DOCUMENT NO. 02862-2023
FPSC - COMMISSION CLERK

1640 West Jefferson Street
Quincy, Florida
32351-5679

DELIVERED ELECTRONICALLY

April 25, 2023

Mr. Adam Teitzman, Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0870

Dear Mr. Teitzman:

Transmitted herewith for review and approval is Talquin ECI's revised Economic Development Rider ED-2 tariff Sheet No. 15.0 in legislative and final formats.

The purpose of the revision is to implement wording changes corresponding to wording changes to Seminole Electric Cooperative's applicable wholesale rate.

An effective date of June 1, 2023 is requested, which corresponds to the effective date of Seminole's revised wholesale rate schedule. Should the staff have any questions, please contact me (Sean.Alderman@talquinelectric.com 850-627-7651, ext. 1702).

Sincerely,

A handwritten signature in black ink that reads "Sean Alderman". The signature is fluid and cursive.

Sean Alderman
Director of Financial Services

TALQUIN ELECTRIC COOPERATIVE, INC.

ECONOMIC DEVELOPMENT

RIDER - ED-2

AVAILABILITY:

Available throughout the entire territory served by the Cooperative in accordance with Cooperative's Rules and Regulations for Electric Service, for electric service to Members for specifically identified New Loads. Members desiring to take service under this Economic Development Rider must make a written request for such service in substantially the same form as the attached Appendix A.

APPLICABILITY:

This Rider is not available to Members' loads existing prior to March 1, 2018. This Rider is also not available to any loads that shift to another area or delivery point on the Cooperative's system unless such load is an identified New Load within its term of service under this Rider. If during the term of service under this Rider a change of ownership occurs at the specifically identified New Load, the new ownership may fulfill the remaining term of the agreement and continue to receive the remaining schedule of credits as outlined in Economic Development Rate Reduction Factor provision contained herein.

Application for service under this Rider is available for qualifying loads entering service prior to January 1, 2025.

QUALIFYING CRITERIA:

This Rider shall apply to each Member's specifically identified New Load of at least 2,000 kW metered non-coincident peak demand with a minimum 12-month rolling average load factor of 50% at a single point of delivery. New Load is defined as load established by the Member on the Cooperative's system on or after March 1, 2018. For Members' loads existing prior to March 1, 2018, New Load is defined as the net incremental load above that which existed prior to March 1, 2018.

CHARACTER OF SERVICE:

The electric capacity and energy hereunder will be three-phase alternating current at a nominal frequency of sixty hertz.
