Subject: US Navy Veteran Being Monetarily Penalized By FPL.

VA Secretary Denis McDonough,

Good Day !

Ref: US Navy Veteran Feedback & Request. FPSC Docket No. 20210015 FPL Account No. 26582 57510

The Florida Public Service Commission approved the FPL resolution that is Monetarily

Penalizing me, and also I am sure many other Veterans in the State of Florida for our Lower Monthly KWH usage. <<<<<

The Office of Public Council also approved of same by misleading the FPSC into thinking that the extra monthly charge

would be accepted by the Majority, when in essence the contrary is true. <<<<<

So instead of commending, and also rewarding customers such as myself for conserving electricity at my home I am

being monetarily penalized by FPL ! <<<<<

The Incentive vs Disincentive factors are at Center Stage by FPL. <<<<<

I am respectfully requesting the VA's assistance in order to hopefully hold the FPSC, OPC, and FPL Fully Accountable

for Penalizing Veterans such as myself for No good, or Honest cause.<<<<<

Hello Florida Governor Ron Desantis ?

Thank You Secretary McDonough.

Respectfully,

Michael J. Walsh

US Navy Veteran 1957-1963 ADR2 Member I.D. 1194721044

Subject: Docket No. 20200181; Put us on a path to lower power bills through energy efficiency

Dear Commissioner Art Graham,

We are paying power bills that are higher than ever. Just as we are dealing with higher housing costs and general inflation, we are being hit with record increases in charges for higher and volatile fuel costs on bills.

Paying sky-high electricity bills isn't sustainable for many Floridians – but there is an opportunity to change the course we're on. Please put us on a path to lower bills by adopting an energy efficiency rule that will provide greater access to energy saving programs for hard working families.

Access to meaningful energy efficiency programs can help customers most in need manage higher power bills. Additionally, using energy smarter saves the utility money by reducing the amount of fuel burned to generate electricity – an economic benefit for all customers. It's a win-win solution that can only be realized if you modernize your rule to discourage outdated practices that depress energy efficiency potential and reward energy waste.

Please adopt an energy efficiency rule that makes Florida a leader in capturing energy savings for families and businesses. Let's modernize our practices to put energy savings to work for Florida's families, businesses, and the state.

cc: Governor DeSantis

Sincerely,
Nancy Pope
