RE: Access to Confidential Regulatory Assessment Fee Forms

Please approve Katisha Mobley, Fiscal Services Supervisor, and Raquel Revells, Accountant III, to have access to all Regulatory Assessment Fee (RAF) forms for which the utilities have requested confidential classification. They must look at the gross operating revenues on all RAF forms to determine if the correct amounts have been paid.

An increasing number of companies are filing using the confidential classification; therefore, I request that all fiscal staff have permanent authorization to access confidential RAF forms. The job duties of each of these positions require that they access RAF forms when payments are made by the companies in order to properly account for such payments.

Should you have any questions regarding this request, please let me know.
