**Sec. 27-31. Private area lighting service.**

- (a) Availability. This schedule is applicable to yard and private area lighting service from existing lines throughout the entire territory served by the city.
- (b) Character of service. This schedule is dusk-to-dawn lighting service from city-owned and maintained fixtures.
- (c) The customer is subject to a monthly energy rate and a monthly rental fee for each light requested (current rates can be found in 27-600):

**\*The assumed consumption amount will be billed each month at the applicable general service, non-demand rate set forth in 27-600, exclusive of minimum charge and customer charge requirements.**

- (d) Special conditions. Service under this schedule is subject to the following special conditions:
  - (1) The city shall install and maintain LED or solar lighting and accessory equipment on existing city owned wood poles. HPS lights will be maintained by the city pursuant to (d)(5), below, but no new HPS lights will be installed by the city.
  - (2) Customers requesting private area lighting service shall pay a twenty-five-dollar (\$25.00) connection or reconnection charge for each fixture installed or connected at the customer's request. A solar light request shall require a four hundred dollar (\$400.00) initial fee for installation.
  - (3) Customers requesting yard and private area lighting service requiring the setting of new poles shall be subject to customer receiving a quote for all costs of construction for each pole, payable in advance. Additional poles set for yard lighting service shall remain the property of the city.
  - (4) Customers requesting relocation of existing yard lights shall reimburse the city for the actual cost of the work. Before undertaking this work, the city shall require a deposit in the amount of the estimated cost of the relocation.
  - (5) Maintenance performed by the city shall include replacement of lamps and glassware at regular intervals or in a reasonable time as determined by the city after receipt of a request from the customer. Maintenance work shall be performed during regular working hours. Maintenance of high-pressure sodium (HPS) lights is limited to the supply of materials; these types of lights are nearing extinction and the city cannot guarantee materials and parts for maintenance or repair will be available.
  - (6) The lighting equipment shall remain the property of the city. The customer shall protect the lighting equipment from deliberate damage. The customer shall reimburse the city for the cost of maintenance which is caused by vandalism.
