Customer Comments: Hello I've been a resident here for 23 years and the quality of this water service has been terrible. The quality of the water has a bad odor . I have experienced water shut off, without notice, Unfortunately I am not satisfied about this notice due to the rate increase . I have been experiencing poor service with this water service the changing of new management .

I hope that this gets resolved, and we will have better quality service of water with affordable and reasonable prices. I can't afford to have my water utilities to be increased .

Sincerely, Chazet Davis
