CUSTOMER COMMENTS

1. Every summer the water smells and taste extremely bad & unpleasant.
2. Every summer June thru October the water is a cloudy white and very often "soapy-foamy" looking and bad tasting when it comes out of the faucet water.
3. When taking a shower in the summer months my eye sting

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and/ or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally requires the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.

From the water.

4. The water is undrinkable and I buy my own at the store in gallon jugs

5. I often question if the "water meter reader" is taking an accurate reading of the number of gallons of water I use monthly.

There seems to be a different person - or - people coming into my back yard, and as a single person living at this address,

I don't often feel I use as much water as stated on my bill. Thank you

whatever the bill is I pay it regardless.
