DOCUMENT NO. 03615-2023
FPSC - COMMISSION CLERK

June 13, 2023

Docket No. 20220202-EI – Petition for approval of new clean energy impact program, a new renewable energy certificates (REC) buying program, by Duke Energy Florida, LLC.

Issue 1: Should the Commission approve DEF’s petition for the Clean Energy Impact Program and associated tariffs, as amended on April 14, 2023?

Recommendation: Yes. DEF’s proposed CEI Program provides DEF customers an opportunity to voluntarily demonstrate support for renewable energy through a mechanism that provides a benefit to the general body of ratepayers. Net program revenues from REC sales should be included as a credit in the Fuel and Purchased Power Cost Recovery Clause (Fuel Clause), offsetting other fuel expenses. In addition, staff recommends that DEF provide a summary of program costs and benefits as a part of its annual Fuel Clause filing. The proposed tariffs, as provided in Attachment A of staff’s memorandum dated June 1, 2023, should become effective upon issuance of a Commission Order approving the CEI Program and tariff.
