What is going on here?? It goes up every month. Are they done raising rates?
Our usage last month was almost exactly like that month last year and it is \$85.00 higher. We have a tenant who uses her fan and lights and TV only because of a fixed income and has a bill of \$42. It was always \$25 till these raises started. Our bill this month is \$418. We were even gone a week of that time. PLEASE HELP. This is ridiculous. We can pay our bill but I am sure many families can not.
