BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

DOCKET NO. 20230023-GU – Petition for rate increase by Peoples Gas System, Inc.

DOCKET NO. 20220219-GU – Petition for approval of 2022 depreciation study, by Peoples Gas System, Inc.

DOCKET NO. 20220212-GU – Petition for approval of depreciation rate and subaccount for renewable natural gas facilities leased to others, by Peoples Gas System, Inc.

Witness: Direct Testimony of **Donna D. Brown**, Florida Public Service Commission; Appearing on Behalf of the Staff of the Florida Public Service Commission.

DATE FILED: July 6, 2023

1	BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION
2	COMMISSION STAFF
3	DIRECT TESTIMONY OF DONNA D. BROWN
4	DOCKET NOS. 20230023-GU, 20220219-GU, and 20220212-GU
5	JULY 6, 2023
6	
7	Q. Please state your name and business address.
8	A. My name is Donna D. Brown. My business address is 2540 Shumard Oak Blvd.;
9	Tallahassee, FL 32399.
10	Q. By whom are you presently employed and in what capacity?
11	A. I am employed by the Florida Public Service Commission (FPSC or Commission) as a
12	Regulatory Analyst Supervisor. I have been employed by the Commission since February
13	2008.
14	Q. Please give a brief description of your educational background and professional
15	experience.
16	A. I graduated from Florida A&M University in 2006 with a Bachelor of Science degree
17	in Accounting. In 2018, I received my Masters in Business Administration from Troy
18	University. I have worked for the FPSC for 15 years, and I have varied experience in the
19	electric, gas, and water and wastewater industries. My work experience includes various types
20	of rate cases, cost recovery clauses, and utility audits.
21	Q. Please describe your current responsibilities.
22	A. I currently manage the Bureau of Auditing's Financial Review Section within the
23	FPSC's Office of Auditing & Performance Analysis. My responsibilities consist of
24	performing audits, as well as supervising staff during audits, to ensure utility compliance with
25	EPSC rules noticies and procedures

1	Q. H	Iave you previously presented testimony before this Commission?
2	A. Y	Yes. I have presented testimony in numerous dockets before this Commission. Those
3	dockets	include Dockets 20110001-EI; 20160186-EI; 20160001-EI; 20160251-EI; and
4	2018000	1-EI.
5	Q. V	What is the purpose of your testimony?
6	А. Т	The purpose of my testimony is to sponsor staff's Auditor Report of Peoples Gas
7	System,	Inc. (Peoples or Utility), which addresses the Utility's filing in Docket No. 20230023-
8	GU. An	Auditor's Report was issued in the docket on July 6, 2023. This report is filed with
9	my testin	mony and is identified as Exhibit DDB-1.
10	Q. V	Vas this audit prepared by you or under your direction?
11	A. Y	Ves. It was prepared under my direction.
12	Q. P	Please describe the objectives of the audit and the procedures performed during
13	the audi	t?
14	А. Т	The objectives and procedures are listed in the Objectives and Procedures section of
15	the attac	hed Exhibit DDB-1, pages 4 through 8.
16	Q. V	Vere there any audit findings in the Auditor's Report (Exhibit DDB-1) which
17	address	the schedules prepared by the Utility in support of its filing in Docket No.
18	2023002	3-GU?
19	A. Y	Yes. There were five audit findings presented in the audit. They can be found in the
20	attached	Exhibit DDB-1, beginning at page 9. Each finding is summarized below:
21	<u> </u>	<u> Finding 1 - Revenues</u>
22	A	Audit staff determined the Utility inadvertently did not include gross receipts/franchise
23	fees, ene	rgy conservation, and deferred and other revenues in their monthly summation of
24	total ope	rating revenues per MFR Schedule C-3. As a result, the monthly total revenues

presented on the Utility filing are incorrect. However, the total summation of revenues is

1 correct. 2 Finding 2 Customer Records & Collections (Account 903) 3 Audit staff discovered a transaction in the amount of \$422.16 related to the Tampa Bay 4 Buccaneers. This expense should be reclassified as a non-utility expense. 5 Finding 3 – Association Dues/ Economic Development 6 Audit staff reduced association dues by \$250 for an expense related to political 7 lobbying. The Utility agreed to the removal in that the expense was included in error. 8 Finding 4 – Advertising 9 Audit staff reviewed all print and visual advertisements in 2022. Following the 10 review, we determined 2022 advertising expenses should be reduced by \$171,246.68. In 11 addition, audit staff determined that advertising expenses totaling \$22,540.17 should be 12 reclassified as detailed in Exhibit DDB-1. 13 Finding 5 – O&M Expenses 14 Audit staff reviewed a statistical sample of the 400 and 800 expense accounts. Following the review, we determined Account 413 should be decreased by \$8,112.35. We also 15 16 determined that Account 880 should be increased by \$1,685.96. In addition, we also 17 determined Account 873 should be decreased by \$5,183.89 as detailed in Exhibit DDB-1. 18 Q. Does that conclude your testimony? 19 A. Yes. 20 21 22 23 24

Docket Nos. 20230023-GU, 20220219-GU, 20220212-GU Auditor's Report Exhibit DDB-1, Page 3 of 23

Purpose

To: Florida Public Service Commission

We have performed the procedures described later in this report to meet the objectives set forth by the Division of Accounting & Finance in its audit service request dated April 11, 2023. We have applied these procedures to the attached schedules prepared by Peoples Gas System, Inc. in support of its filing for rate relief in Docket No. 20230023-GU.

The report is intended only for internal Commission use.

Objectives and Procedures

General

Definitions

PGS refers to Peoples Gas System, Inc.

FERC refers to the Federal Energy Regulatory Commission

USOA refers to the FERC Uniform System of Accounts as adopted by Commission Rule 25-7.014 – Records and Reports in General, Florida Administrative Code (F.A.C.)

Background

Peoples Gas System, Inc. filed a petition for a permanent rate increase on February 3, 2023, with a historical test year ending December 31, 2022, and a projected year ending December 31, 2024.

Peoples Gas System, Inc. is a division of Tampa Electric Company, providing natural gas distribution to approximately 361,000 customers throughout Florida. Tampa Electric Company is a wholly-owned subsidiary of TECO Energy, Inc., which is a wholly-owned indirect subsidiary of Emera Incorporated (Emera).

The Utility's last petition for rate relief was granted by Order No. PSC-2020-0485-FOF-GU, in Docket No. 20200051-GU using a projected test year of December 31, 2021. The historical test year was the twelve months ended December 31, 2019.

Objective: The objective of this audit it to determine whether the Utility's 2022 historic year-end filing in Docket No. 20230023-GU, is consistent and in compliance with Section 366.06 – Rates, Procedures for Fixing and Changing, Florida Statutes (F.S.), and Commission Rule 25-7.014(3) – Records and Reports in General.

Procedures: We performed the following specific procedures to satisfy the overall objective identified above.

Analytical Review

Objective: The objective was to perform an analytical review of the Utility's rate case filing using prior annual reports filed with the Commission.

Procedures: Audit staff developed a three year analytical review that compared the annual percentage changes from 2019 through 2022 for depreciable assets and amortizable assets. In addition, we compared the percentage changes for total revenues and total expenses from 2019 through 2022. We requested explanations from the Utility for any significant changes for depreciable assets, amortizable assets, revenues, and expenses. The Utility provided explanations were sufficient and further follow-up was not required.

Rate Base

Utility Plant in Service

Objectives: The objectives were to determine whether utility plant in service (UPIS) exists and is owned by the utility, additions are authentic and recorded at original cost, proper retirements are made when a replacement asset was put into service, UPIS is properly classified in compliance with the USOA, UPIS balances are properly stated based on Commission adjustments in the prior rate case and to determine the 13-month average balance for UPIS as of December 31, 2022.

Procedures: We reconciled the plant balances as of December 31, 2022 from the filing to the general ledger and recalculated the 13-month average. We statistically selected and tested the plant additions of Account 101 – Plant-in-Service. We reviewed the plant additions of Account 106 – Completed Construction Not Classified and selected the largest amounts for testing. Because these amounts were recorded at the funding level, the Utility provided the schedule showing the list of charges for each sample. We selected the charges from this schedule and traced them to the supporting documentation. We reviewed the allocation procedures of the allocation to Non-Utility plant. We recalculated the percentages of the allocation based on the supporting documentation provided by the Utility. No exceptions were noted.

Construction Work in Progress

Objectives: The objectives were to determine the nature and purpose of utility projects recorded as Construction Work in Progress (CWIP), and whether projects that are eligible to accrue Allowance for Funds Used During Construction (AFUDC) are excluded from rate base pursuant to Commission Rule 25-7.0141, F.A.C. – Allowance for Funds Used During Construction. The objective was also to determine if CWIP balances are properly stated based on Commission adjustments in the prior rate case in Order No. PSC-2020-0485-FOF-GU, and to recalculate the 13-month average balance for CWIP as of December 31, 2022.

Procedures: We reconciled CWIP amounts in the MFRs to the Utility's books and records for the period December 31, 2020 to December 31, 2022 and recalculated the 13-month average balance. We statistically selected the projects for sample testing. The Utility explained that the accounting system recorded these projects at the funding level. We obtained a flow chart detailing the process of recording the project from CWIP and transferring to Accounts - 101 Plant-in-Service, 106 — Completed Construction Not Classified, and 108 — Accumulated Depreciation. The Utility provided the work orders for the selected sample projects. Each work order, in turn, was comprised of multiple costs such as materials, supplies, labor, lodging, and etc. We selected the work orders for testing and traced the total amount of each order to the schedule of the incurred charges for the particular work orders. No exceptions were noted.

Accumulated Depreciation

Objectives: The objectives were to determine whether accruals, retirements and adjustments to accumulated depreciation are properly recorded in compliance with the USOA, to determine whether the utility used the depreciation rates established in prior orders, and to determine whether the balances are properly stated based on Commission adjustments in the prior rate case,

Docket Nos. 20230023-GU, 20220219-GU, 20220212-GU

Auditor's Report

Exhibit DDB-1, Page 6 of 23

and to recalculate the 13-month average balance for accumulated depreciation as of December 31, 2022.

Procedures: We reconciled the accumulated depreciation amounts in the MFRs to the Utility's books and records for the period December 31, 2020 to December 31, 2022. We reconciled the prior ordered balances to the general ledger and MFRs. We recalculated the 13-month average balance for UPIS. We determined that the Utility used the depreciation rates recommended in Order No. PSC-2020-0485-FOF-GU. No exception were noted.

Working Capital

Objectives: The objectives were to determine whether the working capital account balances are properly stated based on Commission adjustments in the prior rate case in Order No. PSC-2020-0485-FOF-GU and Commission Rules, and to recalculate the 13-month average balance.

Procedures: We reconciled working capital components from the filing to the general ledger. We verified that the Working Capital adjustments were consistent with the prior rate cases. We determined which Working Capital accounts were interest bearing and verified calculations used to determine he amounts of other deferred credits, prepayments, and other deferred debits for the test year. No exceptions were noted.

Capital Structure

Equity

Objectives: The objectives were to determine whether the equity account balances represent actual equity. We were to also determine the recalculated 13-month balance for equity.

Procedures: We reconciled the equity balances to the Utility provided support and to the general ledger No exceptions were noted.

Long-Term Debt

Objectives: The objectives were to recalculate the 13-month average balance for Long-Term Debt as of December 31, 2022. We were also to determine whether the Long-Term Debt balances represented actual obligations of the Utility and were properly recorded.

Procedures: We recalculated the cost rate and the 13-month average balances. We also reconciled long-term debt to support documentation and identified all additions and extinguishments since the last rate proceeding. No exceptions were noted.

Short-Term Debt

Objective: The objective was to recalculate the 13-month average for Short-Term Debt as of December 31, 2022. We were also to determine whether Short-Term Debt balances represented actual obligations of the Utility.

Procedures: We reconciled short-term debt obligations to Utility-provided support. We also recalculated the average cost rate and 13-month average. No exceptions were noted.

Customer Deposits

Objectives: The objectives were to determine whether the Utility is collecting and accounting for customer deposits authorized in its Commission-approved tariff.

Procedures: We reconciled customer deposits to the general ledger and recalculated cost rate for outstanding deposits.

Accumulated Deferred Income Taxes

Objective: The objective was to determine whether Accumulated Deferred Income Tax (ADIT) was properly stated.

Procedures: We reconciled ADIT to the general ledger and recalculated the 13-month average. No exceptions were noted.

Net Operating Income

Operating Revenue

Objectives: The objectives were to verify that the revenues for the historical base year per the Utility's Minimum Filing Requirements (MFRs) are representative of the Utility's books and records to verify that all classes of customer bills are calculated correctly and are in compliance with the tariffed rates, to verify that unbilled revenues are calculated properly, and to verify compliance with ordered adjustments.

Procedures: We requested revenue balances and unbilled revenues by month and rate class. We reconciled the Utility provided support to the general ledger. We requested samples of all classes of customer bills and the tariffs. We recalculated all sample bills for accuracy and compliance with tariffed rates. We recalculated unbilled revenues to verify for accuracy. See Finding 1.

Operation and Maintenance Expense

Objectives: The objectives were to determine whether 2022 Operation and Maintenance (O&M) expenses are properly recorded in compliance with the USOA, adequately supported by documentation, and in the correct amount and in the correct period.

Procedures: We verified, based on statistical samples of utility transactions, that the sample transactions are adequately supported by source documentation, utility in nature, and do not include non-utility items, and are recorded consistent with the USOA. We reviewed samples of expenses to ensure that amounts supporting non-utility operations were removed. See Findings 2, 3, 4 and 5.

Depreciation and Amortization

Objectives: The objectives were to determine whether 2022 depreciation expense is properly recorded in compliance with the USOA and, Commission adjustments in the prior rate case, and to determine that depreciation expense accruals are calculated using the depreciation rates established in prior Commission orders.

Docket Nos. 20230023-GU, 20220219-GU, 20220212-GU
Auditor's Report
Exhibit DDB-1, Page 8 of 23

Procedures: We reconciled the depreciation and amortization expense from the MFR schedules to the general ledger. We reconciled depreciation and amortization rates from the Utility provided schedules to the approved Order No. PSC-2020-0485-FOF-GU, recalculated sample of depreciation expense and reconciled the plant balances used for recalculation to the general ledger. No exceptions were noted.

Taxes Other than Income

Objectives: The objectives were to determine whether Taxes Other Than Income (TOTI) is properly recorded and supported by adequate documentation.

Procedures: We reconciled components of TOTI to the general ledger. We reviewed FPSC Regulatory Assessment Fee (RAF) forms filed by the Utility and recalculated the RAF using the FPSC RAF rate. We reviewed federal unemployment, state unemployment, and FICA taxes as reflected in the MFRs and reconciled them to the general ledger. We also recalculated the Gross Receipt Tax (GRT) paid by the Utility and reconciled them to the general ledger and supporting documentation. We verified real estate and tangible property taxes incurred by the Utility for the test year and ensured that all property tax expense reflects the maximum discount available. We reviewed the accruals for franchise fees and reconciled them to the general ledger and the MFRs. No exceptions were noted.

Other

External/Internal Audits

Objective: The objective was to determine if there were any exceptions and disclosures noted in any external/internal audits applicable to this case.

Procedures: We reviewed external audit reports. Utility internal audits were not available. No exceptions were noted.

Affiliate Transactions

Objectives: The objectives were to review intercompany charges to and from divisions, affiliated companies, and non-regulated operations, to determine if costs were allocated pursuant to Commission Rules, and to determine the original amounts allocated, whether the methodology was reasonable, and to check for accuracy and consistent application.

Procedures: Audit staff reviewed the Utility's policies and procedures relating to the recording of affiliate transactions and the cost/allocation manual for employees. During the review of rate base and net operating income, we examined items that were allocated as per the Utility's policies and procedures. No exceptions were noted.

Docket Nos. 20230023-GU, 20220219-GU, 20220212-GU Auditor's Report Exhibit DDB-1, Page 9 of 23

Audit Findings

Finding 1: Operating Revenues

Audit Analysis: As audit staff reconciled the monthly revenues noted on MFR Schedule C-3 to the general ledger, we determined that the Utility inadvertently did not include gross receipts/franchise fees, conservation, and deferred and other revenues in their monthly summation of total operating revenues. However, we determined that the total amount of operating revenues noted on MFR Schedule C-3 reconciled to the total amount of operating revenues for the general ledger.

This finding is for informational purposes only.

Finding 2: Customer Records and Collections

Audit Analysis: Audit staff performed a statistical sample for the months of February, June, and September for O&M Accounts 901 to 932. We tested these transactions to determine whether they were prudent, adequately supported by documentation and in compliance with the Uniform System of Accounts. During our review, we discovered a transaction in the amount of \$422.16 related to the Tampa Bay Buccaneers. This expense related to the Tampa Bay Buccaneers should be reclassified as a non-utility expense.

Effect on the General Ledger: The Utility should determine the effect on the general ledger.

Effect on the Filing: Audit staff recommends a decrease to O&M expense Account 903 in the amount of \$422.16

Finding 3: Association Dues/Economic Development

Audit Analysis: Audit staff reviewed all industry association dues and economic development expenses to determine whether the Utility included the appropriate amount in expenses, and if any expense were for political purposes. Staff determined that there was a \$250 political lobbying expense that was included. The Utility agreed that this expense was included in error and therefore should be included below-the-line in FERC Account 426.

Effect on the General Ledger: The Utility should determine the effect on the general ledger.

Effect on the Filing: Audit staff recommends a decrease to O&M expense account 912 in the amount of \$250.

Finding 4: Advertising

Audit Analysis: Audit staff reviewed all print and audio/visual advertisements and reconciled them to supporting documentation. We determined that several transactions should be removed. They are listed as follows:

• Audit staff recommends the removal the following 11 transactions totaling \$47,476.44. After reviewing each transaction we have found these expenses should be recorded as below-the-line items. See Table 4-1 below for detail.

Table 4-1

Audit staff also noted the inclusion of certain expenses that the analysts may want to remove from Account 913 – Advertising.

• The following transactions were website hosting fees. The Utility provided the URL to the website and it includes both conservation and non-conservation information. Audit staff was unable to determine the cost breakdown. See Table 4-7 for more detail, which is included for informational purposes only.

Effect on the General Ledger: The Utility should determine the effect on the general ledger.

Effect on the Filing: Audit staff recommends a decrease Account 913 in the amount of \$171,246.68. We also recommend reclassifying \$22,540.17 from Account 913, to the aforementioned accounts noted in Table 4-6.

Finding 5: O&M Expenses

Audit Analysis: Audit staff reviewed a statistical sample of the 400 and 800 expense accounts to determine whether each expense was supported by adequate documentation, recorded in the proper period, recoverable in the rate base, and in the proper amount. We determined several transactions should be removed and reclassified from these accounts. They are listed as follows:

• Audit staff recommends the removal of the following 18 transactions totaling \$8,112.35 from Account 413 – Expenses Related to Assets Leased to Others. After reviewing each transaction we have found these transactions were billed to TECO Energy Services. See Table 5-1 below for detail.
