Subject: FPL Rates Skyrocket!

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

PSC, You got to be kidding. FPL rates just went through the roof. I am now paying the highest electricity bill I've ever paid in my life in Florida. Using about the same amount of kilowatt hours as last year my bill is over 40% higher.

Why is the PSC not protecting the consumer from these corporate sharks eating our lunches, literally. I'm now having to choose to pay my utilities or buy groceries. I can't do both. Your commission needs to better regulate FPL by start thinking about the individual consumer and not these corporate raiders of the consumer pocketbook. Get out from behind your desk and talk to consumers.
