Teco's rate hikes this year are out of control!!! How can you expect someone on a very limited budget or disability to have the finances to afford this? With the heat/humidity at an all time high, and we haven't even reached our hottest months yet!! For the love of God...PLEASE HELP!! I have already unplugged all appliances not in use, keep thermostat @ 80 degrees, short showers, no laundry with hot water, and my bill keeps increasing. I cannot afford upgrades to my A/C, new windows, or insulation. What now? PLEASE HELP!! DESPERATE!!
