Subject: Duke Energy Rate Increases

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Our bill has gone up over 30%. Duke supervisors tried to explain it is due to an increase in usage. It is not. It is due to unreasonable rate increases. This is unfair and unsustainable for everyone in our community (Saint Petersburg,FL) who are already being stretched thinly due to other increases in insurance, groceries, and most services. Duke needs to be scrutinized and regulated.
