My duke energy bill along with many many others in Pinellas county is through the roof. Why such a drastic increase ? Do you not realize every thing is going up and everyone is struggling ? First you take away the extension period for families who need the extra time and now raising rates. What a joke. I don't owe a pass due balance on my account but I do know families have struggle periods and need a little extra time to pay. Corporate greed at its finest right here in pinellas county.
