ORDER GRANTING PEOPLES GAS SYSTEM, INC.'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 03780-2023)

On July 12, 2023, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Peoples Gas System, Inc. (PGS) filed a Request for Confidential Classification (Request) of information contained in certain responses to the Office of Public Counsel's (OPC's) First, Second, Third, Fourth, and Fifth Requests for Production of Documents and OPC's First, Third, and Fourth Sets of Interrogatories. These discovery responses were subsequently requested by and provided to Florida Public Service Commission (Commission) Staff. (Document No. 03780-2023). This request was filed in Docket No. 20230023-GU.

Request for Confidential Classification

PGS contends that the information contained in Document No. 03780-2023 constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. PGS asserts that this information is intended to be and is treated by PGS as private and has not been publicly disclosed. PGS further contends that the information relates to the competitive interests of PGS, the disclosure of which would impair its competitive business. More specifically, the information for which confidentiality is sought relates to third party contracts; incentive, bonus, and other compensation structures; investor reports; board presentation materials and minutes; credit reports; an IRS private letter ruling; capital structure correspondence; budget variance reports; business analysis plans; internal audit reports; long-term debt issuances; debt repayment related to the 2023 Transaction to separate PGS as a standalone legal entity; the Work & Asset Management program; the AMI pilot project; outside service expenses; cost allocations; and mergers and acquisitions.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (b) Internal auditing controls and reports of internal auditors.
- (c) Security measures, systems, or procedures.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.
- (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in PGS's Request appears to contain internal auditing controls and reports of internal auditors; security measures, systems, or procedures; information concerning bids or other contractual data, the disclosure of which would impair the efforts of PGS or its affiliates to contract for goods or services on favorable terms, information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information; and employee personnel information unrelated to compensation, duties, qualifications, or responsibilities. Thus, the information identified in Document No. 03780-2023 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PGS or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gabriella Passidomo, as Prehearing Officer, that Peoples Gas System Inc.'s Request for Confidential Classification of Document No. 03780-2023 is granted. It is further

ORDERED that the information in Document No. 03780-2023, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Peoples Gas System, Inc. or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gabriella Passidomo, as Prehearing Officer, this 17th day of August, 2023.
