Pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, Duke Energy Florida, LLC (DEF or Company) requests an extension of confidential classification of certain information originally filed in Docket No. 20200001-EI, dated February 18, 2020.

The Company is claiming confidentiality of its filing under Section 366.093(3)(d), F.S., and Section 366.093(3)(e), F.S. Per the Statute, propriety of confidential business information includes, but is not limited to: Subsection (d) “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms,” and Subsection (e) “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.”

More specifically, the transcript contains proprietary and confidential operating procedures, drawings, and technical information regarding a third-party’s (to DEF) equipment design and operation parameters. DEF asserts that if it cannot demonstrate to its third-party partners that the Company has the ability to protect confidential and proprietary business information, it will be less likely that DEF can secure contracts that benefit customers.

Staff has reviewed the extension of confidentiality request. It is staff’s opinion the materials associated with this request continues to meet the criteria for confidentiality contained in Section 366.093(3)(d), F.S. and Section 366.093(3)(e), F.S.
