Chairman Armando Pimentel Jr. **C.E.O.** www.fpl.com

Good Day !

Ref : FPSC Docket No. 20210015 FPL Account No. 26582 57510

Senior Citizen Veteran Pertinent Feedback & Request :

Your predecessor Mr. E. Silagy, and also the Office of Public Counsel were able to mistakenly convince

the FPSC that individuals such as myself would not object to being monetarily penalized for our Lower

*monthly **KWH** usage, when in essence I can honestly assure your office of the contrary.<<<<<*

*In retrospect **FPL** instead of commending, and also rewarding me for my diligent sacrifice*

have chosen to monetarily penalize me for no good cause.<<<<<

I am retired and living on a fixed income, and I have numerous medical expenses at present.

*I also suffer from **PTSD**.*

I would sincerely appreciate your office discontinuing the monetary penalization

that I have been subjected to in the interest of my health, and also well being.

Thank You for Your Time, and also Sincere Consideration Mr. Chairman.

***Note:** The Veterans Administration has been copied.*

Respectfully,

Michael J. Walsh

Subject: We Can't Afford Higher Rates

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Gary F. Clark,

I am writing as a concerned Florida resident and customer of Florida Power & Light (FPL). I received notification that FPL intends to increase rates for their customers across the state, hurting the most vulnerable in our communities the most. We urge you to rethink this decision and not increase our bills.

This past year has been challenging and unrelenting, and folks have spent it worrying; worrying about the health and safety of their families and friends; worrying about finding work or being safe at work; worrying about the future of the business they built from the ground up; and worrying about making sure that they could keep the lights and heat on at home. For many of us, the pandemic has changed all of our lives in ways we'll still likely be grappling with long after the pandemic comes to an end.

Nevertheless, for some reason, corporate greed seems to be more important than the sustainability of our communities and our livelihood. This was evident when FPL, among several other power companies resumed closing customer accounts due to non-payment during the second wave of the pandemic. Now, they want to increase rates for their most vulnerable customers. We can't allow companies to continue taking advantage of working-class families, and luckily, you have the power NOW to stop this.

Our families need relief, real solutions to the climate crisis and fair and affordable utility rates. By raising prices, FPL is treating energy as a commodity when it's a necessity. We are demanding that Florida Power & Light halt this unfair plan and that Florida's Public Service Commission require FPL to maintain fair rates for their consumers, and prioritize the communities they serve.

Sincerely,
Mrs Kristin Jessup
