**Subject:** 20230019 - TECO Storm Docket Title

Good morning.

Please update the docket title from:

Petition for recovery of costs associated with named tropical systems during the 2019-2022 hurricane seasons and replenishment of storm reserve, by Tampa Electric Company.

to:

Petition for recovery of costs associated with named tropical systems during the 2018-2022 hurricane seasons and replenishment of storm reserve, by Tampa Electric Company.

The original petition was mislabeled as “2019” instead of “2018.” However, the original petition includes requests related to 2018 and the company has corrected the title in subsequent filings. Please update the docket title to match. Thank you.

Respectfully,  
Major Thompson
