## **BACKGROUND**

Royal is a Class B water and wastewater utility providing service to approximately 457 residential and 64 general service water customers in Broward County. Royal is located in the South Florida Water Management District. Initial rates were established in 1983 in Docket No. 19820237-WS<sup>1</sup> when the Utility was owned by University Utility Corporation. The Utility has and subsequently undergone two transfers and is currently owned by Royal.<sup>2</sup>

On August 14, 2023, Royal filed an application for increased interim and final water and wastewater rates. However, on August 22, 2023, the Utility withdrew its request for interim rates due to calculation errors. Pursuant to Section 367.083, Florida Statutes (F.S.), the official filing date of the rate case has been determined to be September 20, 2023. The 12-month period ending May 31, 2023, was selected as the test year for the instant case.
