Dear Florida Public Service Commissioners,

Floridians need help with the rising cost of living; the cost of electricity is among one of those expenses.

With the onset of winter, and the rising cost of electricity, many homeowners and renters are now being forced to use alternative sources of electricity for light and heat. Unfortunately, many times these sources include lanterns and candles which have been the cause of fires and the loss of life.

Please deny the rate hike for Tampa Electric. Allow the customers of TECO protection against these never ending rising rates.

Sincerely,

Julia L. O'Connell

Please require TECO to file a more balanced cost of service study (12CP and 1/13th AD) and ensure that Florida families are protected in the process.

Sincerely,

Julia O'Connell
